

GREENLINING'S ECONOMIC SUMMIT

BRINGING TOGETHER DIVERSE LEADERS FROM THE COMMUNITY, BUSINESS AND GOVERNMENT

Celebrating 25 Years

Every year, Greenlining's Economic Summit brings together nearly 1,000 cross-sector leaders to collaborate on solutions to the most pressing issues facing communities of color. In these turbulent times, our 2018 Economic Summit marks The Greenlining Institute's 25th anniversary – drawing strength from two and a half decades of racial justice advocacy, honoring those who came before us, and looking ahead to a more equitable future. Because our nation has never been as diverse as it is today, and will diversify more in the future, our outstanding guest speakers will look beyond today's challenges to explore a future with racial equity in all policies. Join us as we honor our past and discuss how to advance racial justice for the future.

Captivating Speakers

Past speakers have included:

W. Kamau Bell *Host, CNN's United Shades of America*

Alicia Garza *Co-Founder, Black Lives Matter*

Senator Elizabeth Warren

1,000 Strong

With nearly 1,000 diverse movers and shakers attending our Economic Summit each year, event sponsorships are a tremendous opportunity to get involved. You'll want to be one of the supporters recognized at the event!

To learn more about sponsorship options, contact Sonia Lilani at sonial@greenlining.org.

About The Greenlining Institute

Founded in 1993, The Greenlining Institute envisions a nation where communities of color thrive and race is never a barrier to economic opportunity. Because people of color will be the majority of our population by 2044, America will prosper only if communities of color prosper. Greenlining advances economic opportunity and empowerment for people of color through advocacy, community and coalition building, research, and leadership development. Greenlining works to increase the health and wealth of people of color by targeting five major sectors of the economy: Financial Services, the Green Economy, Energy, Health, and Technology. Our Diversity and Inclusion program works across all these areas to promote jobs and opportunity. We also train young leaders to advocate for equity and justice in their careers through our nationally recognized Leadership Academy programs.
