Cal Water’s overall DBE spending stayed fairly consistent from 2015-2016, with total dollars increasing by $8 million and proportional spending decreasing by almost 1 percent. Compared to its peers, the company excelled with Asian Americans, Native Americans, and women of color but had negligible spending with African Americans and LGBTBEs. In 2016 it attended over 60 outreach events and its largest areas of diverse spending included heavy construction (except buildings), business services, and the wholesale trade of durable goods.

California Water Service (Cal Water) Five Year DBE Trend

Cal Water’s overall DBE spending stayed fairly consistent from 2015-2016, with total dollars increasing by $8 million and proportional spending decreasing by almost 1 percent. Compared to its peers, the company excelled with Asian Americans, Native Americans, and women of color but had negligible spending with African Americans and LGBTBEs. In 2016 it attended over 60 outreach events and its largest areas of diverse spending included heavy construction (except buildings), business services, and the wholesale trade of durable goods.
